ADVANCED PLACEMENT WORLD HISTORY:
Freshmen may opt for the Advanced Placement History Course. This two-year program is offered in lieu of the required Global Studies I, II, and III & IV courses that 9th. and 10th. graders usually take. Students who apply for this course should have the ability to handle a heavy workload. Given the difficult transition from middle school to high school, as well as the demanding nature of this Advanced Placement course, we would like to prepare and support prospective students as much as possible. Selection will be based on a number of criteria including entrance exam score, willingness to a Bronx Science Social Studies Skills course in the summer and the successful completion of an in-class writing sample. More details will be forthcoming.
